

Both Rough River and Natural Bridge State Park have a block of rooms reserved under the Kentucky Environmental Education Council. Each student must call the parks to reserve a room for themselves. To reserve a room, call the park and tell them you are with the Kentucky Environmental Education Council group. Keep in mind that there are limited numbers of rooms at each park and that some rooms will require sharing depending upon availability (The park will assign you a roommate unless you make other arrangements with them). Alert! It is policy at each state park to immediately charge your credit card the first night's room rental fee. [Please make the reservation for Rough River State Park no later than Thursday, February 17, 2005.](#)
